

AI Prediction Report - Device-109

Report Number: HARDWARE-2026-005

1. Device Information

Device Name: Device-109
IP Address: 10.255.0.109
Device Type: computer
Equipment Type: Server & Hardware

2. Report Details

Report Type: Ai Prediction
Date: 2026-02-08 01:48:31
Generated By: AI Prediction System

3. AI Prediction Analysis

Predicted Issue: High CPU usage detected for 7 consecutive days - requires immediate maintenance
Confidence Score: 85.5%

4. Recommended Actions

- Schedule immediate maintenance inspection
- Monitor system metrics closely
- Review historical performance data
- Prepare maintenance resources
